Tools VSCode, MongoDBCompass, Eclipse, XAMPP.

EXPERIENCE

Jr. Software Developer

June 2024 – Till Date

Infipre IT servies Pvt. Ltd

Goa, India

- Developed an admin and healer's dashboard for a client's project, including database design, login, registration, and session management.
- Processed raw data into easily readable Excel files for a client's NIRMION processor subdomain.

PROJECTS

Teacher's Portal: Developed a web application for teachers to manage student records, featuring secure login, CRUD operations (Create, Read, Update, Delete), and a bulk import functionality for uploading multiple student records from Excel files.

Farm Products Manager: This application was developed using Express.js, EJS, Mongoose, and styled with Bootstrap. This robust web application handles full CRUD (Create, Read, Update, Delete) operations for managing farm products and displays their current rates.

Quiz Game: Quiz Game application is developed using HTML, CSS and Javascript and styled using bootstrap. API to generate Unlimited questions.

My Portfolio: Check my portfolio for more information about me and my projects.

ACHIEVEMENTS

- 2nd place in blind coding event at IT MAESTRO 2023-24, Caculo College, Mapusa – Goa.
- Solved 11 LeetCode and 15 GeeksforGeeks Coding programs.
- Runner ups in CyberTrials and CTF event at InfoFest 2023.
- Participated in Hackathon at Putzmeister Pvt. Ltd. Verna, Goa – India.
